DETAILS:

When first heard shots I didn't think it was anything other than fireworks, but then I saw everyone running & the loud shooting didn't stop. People started running & I saw people being shot and falling on the ground. I saw people on the ground screaming. Friends & I tried running but heard shots really close by. While running I was knocked down & people were stepping all over me on my ankle. I was so scared about what was happening & what would happen to my kids if I were to die since my infant is handicapped. My husband hadn't realized that I was knocked down but when I was getting up I heard so many people screaming. I got back up & kept running towards some apartments. I saw a body on the ground as I crossed the streets to the apartments. I could see people jumping over cars trying to get into cars to hide my husband and I found each other & then found a woman in her car & asked her if she could take us home. When we got into her car, my husband covered me in his arms & I couldn't see what was happening outside after that. The woman then drove my husband & I home.

I was working in the lobby area. I was on my lunch break. I heard shots but thought they were fireworks. There were two individuals with us, and a pregnant lady. We tried to open the gates, we were able to get them out safely. We were able to open the gates. We saw alot of hurt people. We tried to get people out. We were able to load people on to different vehicles. We were able to lift a woman onto a wheel barrow. She was already dead. She was shot on her forehead. We became very scared once we heard that she was dead. Mgm notified us over the radio to find cover and to protect. Mgm notified us over the radio during the second round of shots. We opened the gates with a pin after we got the two individuals and pregnant women to safety. We then opened a trailer in which employees were locked in. When we opened the trailer alot of hurt people tried to get in. Those are the people we were able to get out safely. We left once we found out the women we carried

In the barrel was dead. On our way out we saw a man in a wheelchair get run over by a cop car. At that moment I was broken down emotionally and couldn't help anymore. We saw a young security officer shielding a woman with a baby. We saw on the TV that he passed away. We also saw people jumping from the VIP area. People were running to get out but we saw a lot of people get shot as they stood up to run.

DETAILS:

I was with my friends (15 people) in the grass area towards the back on the right hand side. We were listening to the concert when I heard what I thought was fireworks. A few seconds later I just heard everyone saying to get on the ground. All of us huddled on the ground trying to cover each other. That's when one of the girls were going crazy because there was blood all over her. She thought she was the one shot, but our other friend said it was her wrist. After that another friend and I ran to get out of there. After leaving I stayed at the gas station to wait to hear anything else.

DETAILS I was close to the stage. Once the first round of shots popped off, we ducked and turned around and saw a girl with blood on her face and arms. She was trying to climb the gate. More shots went off, saw another girl with blood on her legs. I thought it was firecrackers. I ran like Hell over the barrier, under the stage and out of the back of the Venue. I heard around 5 rounds of shots.

Right side of stage, near front. by big screen.

DETAILS A+ Route 91, Jason Ahean played a few songs into the show. I heard a noise like those snaps that you throw on the ground. I turned around b/c the people behind me were down on the ground. I was confused & fired the show again. Someone yelled fireworks & then a herd of people from the right of the stage were running in our direction. We turned to run & ducked. This all becomes a blur/fast. I was with 2 friends [REDACTED] [REDACTED] was down on the floor & had been shot (learned later it was her leg). We tried to get her up, more shots, we got on top of her to prevent her from getting stepped. Tried to help her up again. It was just mass chaos, running, & ducking. I lost them & ran. Found [REDACTED] right away & took off. We just ran w/ the crowd thru a lot, a fence, airport. Ended up @ [REDACTED]

DETAILS:

was attending the Route 91 Festival with my husband and two friends. Day 3 - last performer - Jason Aldean - a few songs into his set we were standing near the front, little right of center when we heard some pops like firecrackers. No one seemed to know at first but a minute or so later more shots rang out and people got down to the ground. And then the performers ran off stage. People started screaming then getting up and trampling each other. And running away from the stage. Shots kept ringing out. My husband was shot in the arm. I took the strap of my friend's purse and wrapped it around his arm. We ran to this structure in the middle of the floor near the front (sound & camera use I think) and hopped the gate. Multiple people were on the ground. We got over the fence and hid behind the structure where lots of people were hiding. We got down on the ground again as more people were shot rang out. After a while, we ran out the left side of the venue and walked a few blocks. A couple in a car saw us and gave us a ride to an ambulance and me to UMC (outside).

DETAILS:

On 10/01/17 I began working my shift at the route 91 festival at 1:00pm. My shift ended at 9:00pm. I was accompanied with my mother who was also working at event. We both walked to the trailer of [REDACTED] to turn in our work shirt & cleaning supplies. At approximately 9:30pm we began walking back to the festival. Since it was the last day of the event, we decided to stay. We bought food at a near by venue & sat to hear the performer. Shortly afterwards I heard pops. I first thought they were fireworks but didn't see them. I began to look around & started to see people shouting the pop noises were gun shot. People began running and I did too. I was close to an exit and ran. I didn't stop running until I got to Tropicana ave. Once there I called my son and let him know where I was at. He picked me up near Tropicana & Koval.

Jason Aldean was playing → a couple of songs in. There was a pop pop sound that sounded like fireworks that was on the side, where Mandalay Bay Hotel is + the Luxor. Aldean kinda hesitated but kept playing. Maybe one song or so later I heard shots and I knew they were gunshots. I turned and my ~~three~~ two girlfriends and I ran. We heard more shots and they sounded close we hit the ground. There was a brief pause and my friend and I got up and ran. I lost my friends and just kept running. We exited the back and just kept running. → a bunch of people (hordes)

I heard constant shots still going on. I was picked up by a group of people + they took me to their hotel.

DETAILS:

On Oct 1st I attended the Route 91 Harvest Festival we arrived at 3pm. My boyfriend, my aunt, uncle and I. We were standing on the left side at the end of the stage that went into the crowd. At 6:40 my boyfriend and uncle went to the Nashville stage for another concert and they stayed back on the left by the budweiser truck. At 10:07 I took a video for 15 seconds. 3 minutes later I heard pop pop pop - I turned to my aunt and said it sounded like gunshots. People around us said it was confetti popping so I went back to watching. He started the next song and that's when the pops sounded like a machine gun. We immediately dropped to the ground. We heard the music stop. It seemed to last forever. When the first round stopped we decided to run. We thought the shooter was in the festival. We huddled for a few seconds with another group of to our left. Then ran for the malibu rum house. At this point I lost a flip flop. We ran through there and filtered into a large circular marquee then went an exit. I think now it was Exit 6. We got out and ran behind an ornate door with two men.

we hid there till this round stopped. We ran through a parking lot (gravel). I lost my shoe, and my cell phone somewhere around them. We asked for rides but no one would take us. We reached a cement fence and a wire fence. Where we were trapped. My aunt started to climb but was having trouble. A man pulled her down and told her not to climb. The shooting started again. We dove down into the dirt/gravel by the fence. She then yelled I have been hit I could see her face bleeding down one side. When the round stopped we found a hole in the fence and climbed through.

We then saw a door open and people going in - I believe it was Buchanan BPD office and Route 91 office. We hid there for 5 hrs. Getting reports of multiple shooters and other hotels. We went into lock down again maybe an hour into it because of reports of a shooter at Hooters hotel. There were Emt and off duty cops that were able to have contact with VPD. We left around 4am and walked back to our hotel we flew home the next morning.

I am horribly traumatized. Can't leave the house, hear loud sounds, be in crowds and haven't been able to return to work.

DETAILS Listening to Jason Aldean at concert then heard what I thought was fireworks but then no lights & saw people starting to run so grabbed my husband & dove under the bar for safety. Heard more gunfire & sounded closer so told everyone hiding with us should run. Ben I jumped a fence then ran into buildings everyone kept running & screaming that they were coming so kept running as far from strip as we could. Met some people said to come with them to a part it was safe. From there caught a bus which was evacuated then told us get back on & took us to the Thomas Carhe where we were told was secure.

JC: Um, so I just graduated college in May and my parents bought me tickets to come to the show with them for graduation 'cause I really wanted to see Eric Church and, um, so I'm not originally from New Jersey. I'm from North Carolina and he had come to - our church had come to North Carolina but all the shows were sold out.

JC: So my parents were gracious enough and bought tickets for us to come here.

JC: Um, in the late evening and my parents were here I believe Tuesday.

TT: Okay.

TT: Okay. So everything went fine first couple of days?

JC: Yeah it was great. Um, so, uh, like I was - mentioned before I had this like foot was broken. I had the walking boot on and I - I - my doctor had advised me not to stand for an excessive period of time and so since we're at a concert my Dad was like, "Well maybe in Vegas walking around..." I got in like a knee scooter, like rented one.

TT: Okay.

JC: And so we were using that but my parents were still like, "I think it would be good if you could sit". So we applied and were sitting in like, the handicap section. So that was - I was really fortunate about that because I didn't have to strain my foot at all basically to enjoy the concert which I was really thankful for. So...

TT: Absolutely.

JC: Um, so yeah. Everything was good. We were sitting there, um, enjoyed the music all the night.

TT: And did anybody drink?

JC: Um, yeah. So, um, all of us were drinking. We - I wouldn't say excessively. Had a beer or two...

JC: Okay.

TT: What time did you get to the venue?

JC: Um, we got there right around 4 o'clock.

TT: Okay.

JC: 'Cause there was some people playing that my dad and I really wanted to see. So, um, we'd gotten there, uh, Friday we stayed pretty much the entire day and then Saturday we didn't even get there probably 'til like 8 o'clock and then we knew Sunday was a good line of some people we wanted to see. SO we got there about 4:00.

JC: Um, so we had enjoyed the bands that we have wanted to previously and we're sitting, um, waiting for our drinks. Now (unintelligible) gone. And it's great, it's going good and so my parents and I are really big country music fans so we go to a lot of concerts and, um, actually we saw him on another festival at the beginning of the summer.

TT: Mm-hm.

JC: Um, which is in - where my parents live now, Myrtle Beach, South Carolina.

TT: Okay.

JC: So - and I - we've seen him previously time and time again. He's always great but he had something kinda unique where he uses pyrotechnics and stuff in the show but it's not normally towards the later end but a lot of people are surprised by that or startled I guess I'll say.

TT: Mm-hm.

JC: But we kinda knew that that was coming sorta thing. Um, so I wouldn't say anything was weird going on, um, up until like the incident.

And then we look up and Jason Aldean had been like escorted off the stage and that's the point that we knew that something was happening that wasn't supposed to be happening.

TT: Okay.

JC: So I get the boot on to at least the point where it's on my foot and I'm at least mobile. And my parents and I - I mean the handicap section is pretty much full. There's people in wheelchairs, there's people in knee scooters and boots that have other medical conditions like myself. And there's people running - trying to run down the ramps. Some had - so it was kind of like elevated...

TT: Yeah.

JC: Plus we were seated so you could still see and so someone - there was like a railing in the back and someone had kind of like jostled it loose and my mom is just like, "We

are going through here". So my mom goes under like the railing between the - so we- we're off the thing at this point...

TT: Yeah.

JC: My mom pulled me through and you just still hear these shots going. They're not - I - from what I remember they're not close to us like that first one that I heard was but at this point we're running and we left the scooter there, left some of my stuff there, some of my mom stuff there. We just ran and, um, there was like a VIP - VIP like, boxes.

TT: Okay.

JC: I don't know but they're like metal little - they kinda look like tiny houses. You know those...

TT: Yeah.

JC: Okay. So then - and we get behind one of those and at this point we don't know what's hap- like, I mean we're assuming there's someone shooting, right? But we don't know if there's multiple people, if there's someone running around with a gun in here. If there's someone above just taking shots willy-nilly. So my mom - my dad's like, "Get under here, get under here". I was like, "We're - we - we can't stay here. If this man is here he's gonna see us and get us." And so we're kind of like, "Okay we need to keep moving. Keep moving". So at that point we run currently out this like Emergency Exit which is behind the like, uh, handicap in those - this weird thing...

TT: Okay.

JC: And so we're out onto the street at this point where Gile- I think it's Giles is that street.

TT: Okay.

JC: I don't know but it's the street...

TT: Right behind you. Yeah.

JC: L- uh, Las Vegas Boulevard.

TT: Yeah.

JC: So, um, we're - we get out there and I just look at my parents. I was like, "We have to run". And they're like, "Okay". So I was trying to run with this boot on my foot, we're going places and we run up and there's this chain link or there's like this fence and we're thinking that we can run - like not out run the fence but there's gonna be an opening at some point.

TT: Yeah.

JC: But someone - the - all of a sudden people start turning around and running back and we're like, "Okay then we can't get through there". So then we turn around and we start - we have to come back out into the street and run more diagonal towards like the Tropicana and Hooters and things like that.

TT: Mm-hm.

JC: And, um, we're running that way, and as we're running there's a cop cars in the street and there's more shots going on but they sound even closer and we duck behind one

of the cop cars and my - my dad's like, "Oh my God like, what are we doing?" And as we d- I was like, "We have to keep going. Like, we - we have to get further and further away. Like, you can't stay here". So once we assumed the shots were at a lull for the moment we get up and we start running again and so that's - I - I don't know if it was the same fence or not but another fence we had come - we came to another fence. But this was kind of the point where like two of them were joining but they weren't actually like...

((Crosstalk))

TT: Yeah.

JC: So someone had clearly pushed it open.

TT: Forced them open.

JC: And so it kind of became like so bottleneck so people could get through but maybe is only three or four people at a time or so. And so people are just making their way through. Of course people are pushing and shoving in hysteria and, um, all of a sudden you - there was a shot after shot. You could just hear them - doom, doom, doom. Getting like, closer. So everyone that was kind of in this like little mosh pit I'll say, was kind of like ducked. And we all got down and then there was probably two or three more shots. And then the last shot I just feel this intense burning in my hip. And then everyone kinda gets up and then I notice that I couldn't get up.

TT: Mm-hm.

JC: So my dad was like, "Come on, come on" and I was like, "I need your help getting up." And he's like, "Okay." So he kind of like pulls me up and he's like, "Okay, we need to run." I said, "You need to give me a minute." I said, "I was shot." And my dad looks at me and he's like, "What?" And I said, "Yeah, I think I got a hit in the butt kinda area." I said, "I need you to look at it. Can you look at it?" And at this point my mom - my mom's in little bit of a thing and someone had just kind of like pushed her through the gate so she was already through the gate before any of us were kind of like - me - my dad and I were more together.

TT: Yeah.

JC: And so my dad and I were ducking and my mom was kind of like, ahead of us a little bit. So she goes through this little tunnel...

TT: Yeah.

JC: ... I keep calling it. And, um, so we kind of like pull off to the sides and I was like, "Okay, let's go. Let's go." And I said, "Mom, I've been shot. I need you to help me walk." I said, "I can still walk but I need help." And my mom's kinda like looking at me and she's like, "What? No. No you're okay. Like, let's go." And I said, "You're right I am okay. I need you to put pressure where this hole in my booty is." And so she found a - I don't even know what she used to put pressure on it but she found something and she pushed into my butt on my left side and I held on to my dad with my right arm and we just kept going. And, um, my parents were both like hysterical and I - I knew that I was okay because I could feel my legs, I could walk, I could - I knew that I wasn't at a point where I had to stop and I - I knew that I was okay. I

VOLUNTARY STATEMENT

don't know how but I just knew I was. And I knew that I needed to be okay 'cause we had to go. So we keep walking - oh I'm sorry. Oh...

TT: Calm down. It's okay. Do you need to take a minute?

JC: It just hurts 'cause, um, so we just kept walking and we kept going and there's just all these people. And you could just see these people and they're injured and trampled over and someone's been shot way worse than I have and there's some people that are just deceased on the ground and you're just walking and it's frightening. And we eventually get to another road and - where we can see cops and like in gears that clearly meant to like protect us kinda thing. And we could see people, um, there's like this one cop car that has what I immediately assume were victims because they're all sitting on the ground with like, you know stuff on them. Sitting there and we're like, "Okay we need to get there. Like, they can help us. They'll know what to do." And like, so we - we walk over there and then soon as we cross the street we get there it was just - it's just like pure hysteria. There's women crying and like this - it was just insane. And my - my - my mom is going ballistic and the cop doesn't really know what to do because he doesn't really have any medical training. He's like, "Well we're getting the ambulance to come up here." And like by the grace of God there are these people who were also at the event that have medical training whether they're army or something and they all come and help us and it's just - it was incredible. And so I - I get to the point where this woman helps me and she says that I need to lay on my side that doesn't have the bullet wound in it and have someone just put constant pressure on it. So I'm having that done and so - and my parents

VOLUNTARY STATEMENT

PAGE 14

EVENT#: 171001-3519

just kinda standing there. I look at them - I said, "You need to help other people." So my parents go and my dad helps a woman that was shot like, looks like into the femur 'cause the tourniquet was up there. Then my mom's helping this woman that had this awful laceration to her -right above her ankle. And my mom's just like, "Are you okay?" And I was like, "I'm fine. I'm - I'm good." And all these people are like, "You're - you're gonna be okay" and I said, "I know but please like, take - my injury is not as bad as the man that was just shot in the chest. Like, please help this man." Like, things like that. So we were pr- we probably stopped there a good 25 to 30 minutes until we were taken into an ambulance and then once we were in the ambulance it - it felt like eternity before we'd even move and like, I couldn't tell you how long we were - I was in the ambulance before we started moving but it felt like a really long time to me. But, pardon me, we, um, I was very fortunate that they allowed both of my parents to come with us because they weren't sure at that point if they would - 'cause the EMT kept saying the Sunrise Hospital but the other EMT was like, "Well if it's full, we're not gonna be able to like, take us and I would have to go here." And he was like, "Okay well just both of you get in" because they didn't want one of my parents to be...

TT: To be separated.

JC: Yeah. So then once we got here, um, we - I probably didn't see my parents for probably five or six hours. Um, I was taken into the emergency room, excuse me, and the EMT had given me this like, sheet of paper that had - that wrote what I had - what my issue was. Um, he had written my vitals on it and, um, I don't know.

VOLUNTARY STATEMENT

PAGE 15

EVENT#: 171001-3519

There's some other information on there. I don't know really remember. And he said, "You hold on to this." And then said, "When anyone asks you anything, you tell them and to show them this." And I said, "Okay." So I had prob- they kind of - 'cause I was already on like a bed 'cause I couldn't walk so I was already on like a gurney I think.

TT: Mm-hm.

JC: Okay. Um, so they just - they kind of like stuff me in a room and it was kind of where I like, lost it because I was like by myself. I realized like, oh my God, I've been shot. Oh my God like, there's this jerk deciding it's okay to kill all these people and I - I don't know. I was able to pull myself back together and then I probably - it started to really hurt because the adrenaline wore off and I was kinda realizing what had happened to me. So I finally got like the attention of like a nurse and she's like, "Okay well we have to get you registered before we could get you drugs" and then I probably didn't have drugs until - I probably got here like, I don't know. I was probably here two and a half - three hours before I got drugs. Once I got drugs, they took me and I got an x-ray. Once I got an x-ray, they took me and I was waiting on line for CT and then there was this woman standing there with her - I - relative - I don't know what she was to her. And I kind of like look and was like, "Wait, you're - you don't work here?" And she's like, "No." I said, "Wait, your - your pare- you're back here to like see someone." And she's like, "Yeah." So I immediately like grab someone and had them go get my parents or go get one of my parents. So after I saw my mom I was a lot more level headed because I knew that she knew that I was

okay and stuff like that. But then I went in and had my CT done and the woman was like, "You'll hear the voice..." I - I don't know. I've never had a CT done. And she was like - 'cause if they're audited so it talk to you. She's like, "It'll probably talk to you five or six different times." And the thing talked to me twice and I hear her pick up the phone and go like, "This girl needs to go to pre-op. She needs to go in surgery right now." I just instantly like, freak out and she can like see me freaking out and she's like, "You're okay. Like, it's just a preventative measure." All this stuff and then I come out of CT and I'm like hysterically crying. Mo- my mom is really nervous obviously and long story short I go to pre-op and we finally get my dad so he could me before I go get chopped open. And all I remember is them being like, "Okay. Well it's either going to be either exploratory surgery to make sure nothing's wrong," this, that and the other. And I remember laying - I was laying there and I just kept looking at my parents. I was like, "I'm fine. We're gonna be fine. Like, nothing bad. I'm not bleeding out. Like, I just got a little boo-boo in my butt. It's okay." And so all I really remember is going from pre-op they wheeled me to the operating room and all I remember is they gave me an IV in my wrist or my hands and then I woke up - I guess it was two hours later - and my - I had like instantly I could just feel pain everywhere. And, um, after that I - after they kind of like calmed me down, um, my parents were able to come in and I tried talking to them. I don't really remember a whole lot. Excuse me, and the - I don't - we weren't even in like our own room. We were in this like, uh, it looked ex- to me exactly like the pre-op room. I don't know where we were but according to my parents we were there for quite a while. I don't

remember anything being in there just 'cause I was like awake and then I'd fall asleep and all that stuff. And then later that night we were put in a room just down the hall and I was kind of - I was - more explained what happened - they all knew that I was okay but I still never really got - I would say not until today I never actually understood what my medical...

TT: What - what was said or not.

JC: Yeah. So I mean - so then we were there and we - I just - relaxing, taking my time.

?: We just learned about the broken - the fractured pelvis today.

JC: Yeah.

TT: Mm-hm.

JC: So yeah, we didn't know that. At first we thought he - that the bullet was taken out of me. Um...

TT: Let me bring you back to then - to the night.

JC: Yeah.

TT: Okay. When you guys were passed that bottleneck...

JC: Yeah.

TT: Did you see, besides on the other few that were injured, did you see maybe where the shots were coming from? Or...

JC: They were behind us.

JC: Yeah.

TT: Okay.

JC: I can hear them hitting - so we're - we're at the bottom and it was - it was gravel. And I remember I - because at first I thought a rock hit me 'cause like people were running, right.

TT: Yeah.

JC: So you could hear it hit - it - it's distinctly in my brain. Sounds different from when it hit the gravel. When it hit like solid asphalt and concrete.

TT: Mm-hm.

JC: And you could hear it as we're running away. You can hear it hitting like - like the fence that we just made it through and the gravel and things like that. So I - I knew that it was coming from behind us or I assumed. I guess I don't know, right?

TT: Yeah. Y- you thought it was coming from somewhere in the venue behind you.

JC: Yes.

TT: Okay. Did you see anything, uh, besides the people that were injured? Did you see anything suspicious or anything else?

JC: No.

Sali corriendo me caía, me levantaba pensando que me iban a capturar
me va a matar y estaba tirado cuando empezó otra ráfaga y
todos se pararon a correr yo dije tengo que correr y corrí entre
toda la gente que se caía llorando gritaban saltando a otras
personas heridas no se movían, instantes yo corrí corriendo
pidiendo a Dios y me metí adentro de la lonchera logrando
salir de tremenda de gente trataban de tirar la mano
que había brinca esas cables sílles me empujaban me
agarraban me quitaban lo que me está que traía de brinca
la mano para en muy alta corrí y corrí cuando me
puse a sentir mal me faltaba el aire y como pude
saqué mi inhalador y volví a correr pensando que
me iban a matar pensando que me iban a dar una
bata y que ya no había a volver a ver a mis hijos
cuando llegué por fin a una gasolinera estaba como
loca con y tenía no sabía que hacer ahí habían
otras personas y una se me abrazó y su esposo
me tranquilizaron y yo ya no llevaba mi inhalador
me fue que controlé y me metí a la gasolinera y
me acurrugué llorando no asimilaba lo que había
pasado escuchaba las balas sobre mi cabeza venían
y no lo creía lo que estaba pasando así me atropelló
la camioneta a mí y a otras personas dando gritos
la calle estaba ya puesta para que me hubieran
podido salvar mi vida pero ya estaba muerta y ahí estaba
y seguía corriendo hacia el alfon estuve a salvo y le llame
a mi señora para que me recogiera pero cuando me di cuenta
amable cuando me llaman pero nunca pensé que pudiera trabajar
preparando comida sirviendo bebidas limpiando mi vida iba a
cambiar no dormía, no quise estar en sitios públicos, aquí que
fui a ver que mi cuerpo sudaba en la lonchera y estaba en
pánico no quería estar ahí, lo más amable que recibí es
cuando estaba escondida pensando que venía por mí para
matarme pensé que moriría y que jamás iba a ver a
mis hijos es una horrible experiencia que jamás olvidaré
la tristeza de los familiares no quería volver a
pasar ese capítulo en mi vida pensando que el helicóptero
la policía estaba disparando a los matones pensando que me
tocaría una bala, corrí corrí entre toda la gente.

DETAILS

I was standing in the front crowd when I heard the machine guns. I saw multiple red flashes and then people started screaming. I turned to run and saw someone shot and we all layed down and buried our heads under each other and then got up and ran. We hid under the stands and then kept running. I took off my boots and had to leave my purse because I was crawling on my stomach. I lost my husband running out of the stands. I ran to the airport hanger. Then was bused to the Stadium. I have no ID, no money, no shoes. I am staying at The Palazzo.

Date of entry 10/07/2017

[REDACTED] residing at [REDACTED], telephone number [REDACTED] was interviewed at Sunrise Hospital, 31865 South Maryland Parkway, Las Vegas, Nevada. Present during the interview were [REDACTED] identified as [REDACTED] also residing at [REDACTED] telephone number [REDACTED] and [REDACTED] telephone number [REDACTED]. The following information was provided:

[REDACTED] had attended the Route 91 Harvest Festival with his parents, two brothers, and their friends. They arrived in Las Vegas, Nevada, on Friday September 29, 2017, and were staying at the Mandalay Bay.

On Sunday October 1, 2017, [REDACTED] along with his family and friends were watching the final act of the concert in the VIP section adjacent to the stage. [REDACTED] became separated from his parents and was approximately 30 to 40 feet away from them. At approximately 10:00 p.m. [REDACTED] heard a "popping" sound that he initially thought was fire crackers. [REDACTED] quickly realized that the popping sound was an automatic rifle after seeing people running toward the exits. Some of them were hit and fell to the ground. [REDACTED] was shot in the left arm and the bullet grazed his rib cage.

[REDACTED] was asked why he thought the gun being utilized was fully automatic. [REDACTED] advised the gunfire was coming too rapidly to have been anything other than fully automatic. The person who was firing the rounds also stopped on a couple of occasions presumably to reload the weapon as there were pauses between the rapid bursts of fire.

[REDACTED] was asked if he had any idea where the bullets were coming from. [REDACTED] advised that he did not. He initially believed that the bullets were being fired by someone on the ground.

[REDACTED] added that he was also present with [REDACTED] at the concert, but they had become separated from [REDACTED] and their other sons. [REDACTED] knew as soon as the main act ran off the scene that the sounds were gun shots. [REDACTED] further advised that he also believes that

the gun utilized was an automatic weapon based on the frequency of the bullets. [REDACTED] advised that he and [REDACTED] ran away from the exits when the gunfire started. [REDACTED] believed that the gun fire was coming from somewhere in front of the stage, possibly the Mandalay Bay.

DETAILS

During the Jason Aldean concert I was with 6 friends in the front of the stage, to the right. I heard what sounded like fireworks to my right. I looked over and saw what looked like something red right behind on the fence. It got louder & louder. The person in front of me a heavy set male, dressed in all black was face down and not moving. We hit the ground and the bullets were all over us. We got up and started to run. I got separated from my group and ran towards the middle bar, and crawled under tables and hid. As I crawled through to the other side. I saw 2 people laying there not moving. Someone said to run and I did. Shots were still flying passed me. I exited behind the "Malibu Run" shade continued to run and ended up

DETAILS WAS STANDING ABOUT 200 feet away from the stage towards the south side. Did not hear anything at first over the music but saw the crowd in front of us rush back away from the stage and noticed people falling. I exited the venue on the south side but continued to hear automatic gun fire for what seemed like 7-10 minutes. Could not make out exactly where the gun fire was coming from but could tell it was coming from north of us. Did not realize they were not in the concert venue until the later report the suspect was shooting from Mandalay Bay. We continued to run south until we took shelter in the private buildings of the airport.

DETAILS:

I was about 100 yds from the main stage at Rt. 91 on the right side if you are looking at the stage. I was seated with my friend in the grass. Approx 10:06pm I heard what sounded to be like fireworks to the right of me, between the stage and mandalay bay. No one moved but just looked in the direction of the noise, it was only a couple of loud bursts. About 30 seconds after there were many more shots and people started jumping to the ground. I laid down until the shots coming from the right stopped. I started to once the shots stopped, I made it about 20 yds before the shots started again. I dove behind a bar located in the middle of the festival grounds. About 1 to 2 minutes later the shots stopped again and I decided to run. I was running away from the stage running to the left. Shots continued on my left. I exited the festival grounds through some blocked off gates, came out to the blvd, ran to the Luxor, shots continued to come from behind me as I faced North. I ran from Luxor sign between the Luxor and Excalibur to the Luxor parking garage. Shots continued behind me. I left immediately.

DETAILS While attending the route 91 festival during when Jason Aiden was performing & shots were fired at people attending the concert. At first, the shots sounded like fireworks and not very many people reacted. It was a few seconds later more shots were fired, but sounded more like fireworks. A few seconds later Jason Aiden stopped performing, ducked, & ran out of the stage. I could see people across from me pointing & someone on the floor & yelling help. A few seconds later it was no stop shooting, people ducking to the ground, and then running. I ducked behind the fence I was standing at in center stage near where the artists perform. When I ducked I looked to my right and saw a woman bleeding & people around her. I rushed to her side & let her (continued to next page)

DETAILS know that I was CPR & 1st aid certified. I took off my tanktop and wrapped it tightly around one of the 3 wounds I saw on her arm. I yelled for everyone to try & take something off to hold her wounds or wrap there hands firmly around her wounds. While this is happening I felt it was vital that we move her because the gun man (men) are still shooting & I could come down to the ground or continue shooting anyone they see moving (including us those that are helping her). I tried getting people to lift her while staying down to move her to a secure place to be helped, but then no one was listening & the shooting were not stopping & I saw people injured around me. I ran toward the airport landing area as I could see myself in eminent danger. The area was blocked in & someone with a silver or white truck pulled the fence apart with a rope. People also broke windows at a heat by building to get inside. At that point a police officer found us (a mass group of maybe 50 people) outside near the broken fence & escorted us.

DETAILS

While attending the R+Q1 Harvest Festival, listening to Jason Arden, I heard what I thought was a helicopter and people immediately were yelling "get down!". We crawled down from the bleachers we were sitting, made our way down a flight of stairs and across a street or parking lot. Heard more shots and my husband was hit in the leg. We made it to a parking lot where we hid until some EMT's yelled us over around a truck to an area where they were helping another victim. Along the way one girl gave us a bandana and another a jean jacket to go around the wound.

DETAILS I was watching the Route 91 Harvest concert close to the main stage on the west half (closest to Mandalay). Heard what sounded like firecrackers at first, but when it became obvious it was gunfire and the concert stopped. Chaos ensued quite rapidly, and I saw numerous people around me hit and killed. I hopped the fence to get to the east ~~west~~ side of the viewing area and then ran to the eastern exits, taking cover ~~down~~ when fire continued. I exited the concert area and proceeded to the airport, a secure location.

DETAILS Located at stage right. I heard what I thought was fireworks and continued listening to the main performer until people started running. I look over as we start running away from the gun shots at I believe MGM, and my friend fell. We all get down and that's when we saw the blood. As we continue to run, more gunshots occurred. We kept running to the parking lot. The shooter was actively shooting for quite sometime.

DETAILS

INITIALLY, I DIDN'T THINK THAT I HAD ANY INFORMATION TO REPORT THAT MIGHT BE USEFUL, BUT NOW I REALIZE THAT I MIGHT. MY GIRLFRIEND AND I WERE ON THE RIGHT SIDE OF THE STAGE THAT NIGHT (EAST SIDE) IN FRONT OF THE BIG SCREEN. WE WERE ABOUT 30' FROM THE BARRIER BETWEEN THE STAGE & THE CROWD. AT 9:51, I TOOK A SHORT VIDEO ON MY PHONE (I.O.D) AND THEN PUT THE PHONE IN MY POCKET. SHORTLY AFTER, I HEARD A SNAPPING SOUND. I IMMEDIATELY THOUGHT IT WAS ONE OF THOSE CHINESE "SNAPPERS" THAT YOU THROW ON THE GROUND TO MAKE A NOISE. I THEN FELT SOMETHING HIT THE GROUND BEHIND ME. I TURNED TO LOOK BEHIND ME & I SAW TWO GUYS WITH THE SAME LOOK THAT I MUST HAVE HAD ON MY FACE (WHAT THE HELL WAS THAT?) MY GIRLFRIEND FELT IT TOO AND ASKED ME WHAT THAT WAS WHEN I TURNED BACK AROUND. I SHRUGGED & WENT BACK TO LISTENING TO THE MUSIC. THEN THE SHOOTING STARTED. MOST OF US STOOD LOOKING AT EACH OTHER, BECAUSE IT SOUNDED LIKE A SNAPPING NOISE. →

CONT'D FROM FRONT -

- THE SAME SNAPPING SOUND THAT I HEARD PREVIOUSLY. IT WASN'T UNTIL I SAW EVERYONE GETTING DOWN THAT I REALIZED SOMETHING BAD WAS HAPPENING. WE TOOK COVER AT THE STAGE & MADE OUR WAY OUT TO THE EAST, WHERE THE FENCE HAD BEEN KNOCKED DOWN.

I LATER FIGURED THAT THE SNAPPING NOISE WERE THE BULLETS HITTING THINGS AROUND US (?). LISTENING TO VIDEO FROM WHERE WE WERE LOCATED, YOU CAN HEAR TWO SOUNDS (SNAPPING & THE RIFLE REPORTS).

HOPE THIS INFO IS USEFUL. FEEL FREE TO CONTACT ME ANYTIME.

[REDACTED]

P.S. I SAW A LOT OF SUPERHEROES THAT NIGHT, LAW ENFORCEMENT & CIVILIAN. THANK YOU FOR BEING THERE!

DETAILS

WHEN THE SHOOTING STARTED I WAS IN VIP ROOM 300. A GIRL CALLED ME AND IT WASNT FOLLOWING I RAN DOWN THE STAIRS TOWARDS THE VIP EXIT. I WAS TOLD SHOOTING ON THE STREET BOYS UP THAT WAY & WERE THROUGH THE INSIDE OF THE VENUE. I HAD HEARD SOME TRUCKS WITH A GUN ON ABOUT 20' OF TRUCK. THE GUN WAS IN THE LEG. WHEN SHOOTING HAD STOPPED WE RAN TOWARDS THE GAT BY THE TROPICANA. ANOTHER GIRL WAS IN THE AUDIENCE SHOT IN THE HIP. WE RAN ACROSS THE STREET AND HAD BEHIND SOME TRUCKS UNTIL THE TROPICANA CHANGED THEIR REAR TIRES. I FOUND AN OPEN STAGE ROOM & HAD THREE WHERE ALLTHAT GUY WAS HIDING WHO WAS SHOT IN THE LEG. I GOT HIM A CHAIR AND LEFT HIM ALONE OUT THE DOOR. BEING IN THAT HALLWAY FELT LIKE IT WAS TOO EASY TO SHOT US ALL. I KEPT HEARING GUNMAN AT THE TROPICANA SO REFUSED TO BE HARDED INTO A CONFERENCE ROOM FOR HANG. PICKINGS. A GUEST ALLOWED ME INTO THEIR ROOM & TOOK CARE OF ME. I WANT TO ADD THERE WERE NOT 500
